About Yourself and Your Family

What is your ambition in life?

My Ambition is to become an AI engineer with a good salary package which will help me to uplift my family's financial condition

Who has inspired you the most until now?

I am most inspired by DR.A P J ABDUL KALAM till now because of his simplicity ,kindness and by the achievements done by him during his lifetime

Tell us some thing about yourself?

I think myself as a bit introvert and shy type person who is fond of physical activities as well as studies. My biggest strength is my patience.

Describe your family's income?

My Family is a Middle class Family. My Family's income is not sufficient enough to pay my college academic fees .

When you start earning,how you'd help?

I will help the trusts and the students of middle and low class by by donating a specific amount of my salary
